Re: Application for a Visa,  
On Behalf of Xiaochen(Ray) Zhang

Dear Sir or Madam:

Please accept this letter in support of the Business Visitor Visa application of Xiaochen(Ray) Zhang to travel to Las Vegas, Nevada, United States of America in order to attend the Google Cloud Next 2025 conference hosted at the Mandalay Bay Convention Center which is located at 3950 S Las Vegas Blvd, Las Vegas, NV 89119.

Xiaochen(Ray) Zhang is part of the Google Cloud ecosystem and has been invited to attend Google's biggest Cloud conference: Google Cloud Next from April 9th - 11th, and will be in Las Vegas for approximately 7 days.

Since its foundation in 1998, Google has become one of the foremost Web search engines in the world. Through innovative advances in search technology, Google has been able to provide Web users who conduct Web searches with quick and pertinent information. Google delivers its services through its own public site, [www.google.com](http://www.google.com), and by licensing its search services to portals and commercial Web sites using Google's Site Search and Google Web Search services. Google is currently making a major push to expand its customer base around the world. At the same time, Google has begun selling advertising for clients using its search technology and has launched a major effort to assert and build its presence in this area in the international arena.

We thank you for your consideration of our request. If you have any questions, please feel free to contact me at [nextsupport@google.com](mailto:nextsupport@google.com).

Very truly yours,

*Amy Loskutoff*

Google Director of Cloud Events
